3 April 1952

MEMORANDUM FOR: The Log  
FROM: Assistant to the Director  
SUBJECT: H. R. 7085

The bill providing for transfer of the Nevins Tract to the Interior Department came up for a consent calendar vote this week and was objected to by Congressman Smith (D., Va.). Public Works Committee will attempt to secure a rule from the Rules Committee in an effort to secure a House vote on the bill. Smith, however, may be expected to block the bill in Rules. Legislative Counsel will prime an objection in the House should the bill come up again on the consent calendar.
